Birds of the Greater Ozarks

A Checklist of 356 Species

Within an approximate
75 mile radius of Springfield

Date / Time _____
Location: _____
Weather: _____
Observers: _____

Season and Abundance Abbreviations

Sp Spring (March – May)
Su Summer (June-July) **
F Fall (August-November)
W Winter (December 15th -February)

c Common: Observed daily usually in large numbers
u Uncommon: Frequently observed in small numbers
r Rare: More than 15 records, usually recorded annually
ca Casual: Five to 15 records, Recorded occasionally
a Accidental; 1-4 records, a vagrant
e Extirpated from GOAS Area
(l) Local; Localized to specific Habitat
(*) Provisional (Missouri Rare Birds Committee)
(n) (n)= North, (s) = South, (w) = west (c) = Central / etc .
Used to describe the different ranging status of a
Species across our 75 mile radius

** Some shorebirds and other spring migrant species may be found into June; these are not listed in th "S" column, Similarly, southbound shorebirds and terns often appear in July; these are fall migrants and, again, are not listed for "S"

Species that nest in SW Missouri are in Bold & Italic type

Last Updated 8-30-2016

Published by the **Greater Ozarks Audubon Society**
